**I sure did!**

Whether you just want to learn some of the makeup techniques you see in the movies, create an amazing Halloween makeup, or you are a Theatre practitioner wanting to advance your character makeup skills, The Makeup Workshop will teach you up-to-date techniques that are simply put and easy to apply.

Instructor Haleh Risdana has an MFA in Costume Design, and a Certificate of Completion in Special Makeup FX from The Makeup Designory (M.U.D) She has taught Theatrical Makeup at the University level, instructed numerous young professionals branching out into the Makeup Business, and has worked in Film, Print, TV and Stage for several years.

“I Love the illusion of makeup and the process involved in creating makeup FX. I was fortunate to teach Theatrical makeup at the University level for three years and I would love to bring what I taught to my theatrical home town.”

In **The Theatrical Makeup FX Workshop**, you will learn how to make & apply facial hair, block out eyebrows, create realistic injuries using prosthetic materials, make your own fake blood, create middle to old age HD makeup with latex, create a stunning Zombie or Steampunk makeup, and learn many more principles & techniques of creating a complete character makeup.
